Re: Revised Water Safety Policy

Dear Care Provider:

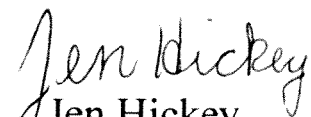

The Department of Developmental Services has revised and updated the Water Safety forms and policy. This affects each participant enrolled to attend camp this summer. When the packet of camp forms was sent to you via mail or internet, this form was *not* included. Therefore, you **must** complete this form and return it prior to the campers' assigned session. Failure to do will cause the camper to be dropped from the session. If the camper has a copy of this form already on file in their residential environment, a copy of this form will be acceptable. Before sending this copy, please **sign and date the bottom of the form and state your relationship to the camper.**

Please abide by the following guidelines when completing this form:

- Fill out the camper's **name, DDS#, and the date the form was completed** at the top of the page.
- Choose an **Aquatic Activity Code (0-6)** in the middle of the page to describe the camper's overall abilities concerning water.
- Complete **section 2 for Activities Proximal to Water, Boating, Swimming and Independent Aquatic Activities.** All four sections *must* be completed or the form will be returned.
- Please **sign, date and state your relation** to camper at the bottom of the form.

If you have any questions or concerns with this matter, please contact me via email at jhickey@thearcnlc.org. I thank you for your timely attention to this matter.

Sincerely,

 5/19/09
Jen Hickey
Camp Director
